

What is Fueling Your Future?

**BIOFUELS...
MOVING ALABAMA
FORWARD**

Save the Date(s)—April 28th and/or May 26th

Learn the advantages of quality biofuel usage
and
The importance of lessening America's dependency on foreign oil!

Join us on April 28th or May 26th for a one day Workshop (9-4)

April 28th—Spring Hill College, Mobile, AL
May 26th—Cross Point Church, Florence, AL

Who Should Attend?

- | | |
|--|---|
| <input checked="" type="checkbox"/> Fleet Managers | <input checked="" type="checkbox"/> Fuel Producers & Distributors |
| <input checked="" type="checkbox"/> Businesses | <input checked="" type="checkbox"/> Fuel Retailers |
| <input checked="" type="checkbox"/> City & County Government | <input checked="" type="checkbox"/> Government Agencies |
| <input checked="" type="checkbox"/> School Districts | <input checked="" type="checkbox"/> Colleges/Universities |
| <input checked="" type="checkbox"/> Transportation Managers | <input checked="" type="checkbox"/> Consumers |

Workshops will offer professional insights from state and national industry experts, as well as practical “real world” advice from leaders throughout the biofuels industry. Get National and State perspectives on Compressed Natural Gas (CNG), Propane (LPG), Ethanol, Biodiesel and new advances in Electric transportation; Alabama's current and potential biofuel feed-stocks; Real World fleet experiences with biofuels; Importance of fuel quality; Incentives & financial benefits; and much, much more. Don't miss the opportunity to participate and identify ways to make your organization a leader in the growing biofuels marketplace. Many alternative and advanced fuel vehicles on display. *There is a \$20 Registration fee that covers all materials, refreshments and lunch!*
